

## Private loan work sheet

Do your funds match your expenses? You may need a little extra help getting through college in the form of a private loan. Calculate how much you might need with this work sheet.

### Secured financial aid

Grants and scholarships	\$ _____
College aid	\$ _____
State aid	\$ _____
Federal work study	\$ _____
Federal student loan	\$ _____
Federal PLUS loan	\$ _____
Investment savings	\$ _____
Employment	\$ _____
Miscellaneous	\$ _____
<b>Total:</b>	\$ _____

### Expected costs

School tuition and fees	\$ _____
Books and supplies	\$ _____
Room and board	\$ _____
Transportation	\$ _____
Miscellaneous	\$ _____
<b>Total:</b>	\$ _____

## Total

Subtract the total aid already secured from the expected costs to get the amount to be borrowed in private loans

$$\begin{array}{r} \text{_____} \\ \text{Total financial aid} \end{array} - \begin{array}{r} \text{_____} \\ \text{Total expected costs} \end{array} = \begin{array}{r} \text{_____} \\ \text{Total amount needed} \end{array}$$
